ALL SECONDARY SCHOOL SPORTS STAKEHOLDERS

RE: REGISTRATION EXTENSION:

Dear School Sports Stakeholders,

The USSSA Executive Committee in its meeting held on March 8, 2025, noted as follows;

1. **Registration Update:** A majority of athletes had already been registered and enrolled on the USSSA registration system, while a few have yet to complete the process.
2. **Time Extension:** There was need to extend the registration process to cater for those who had not been registered.
3. **Participation Opportunity:** Every athlete should be given a chance to participate in USSSA games.
4. **Public Feedback:** There was a request by some schools that had not completed the registration process for the portal to be kept open.

In response to the above, the Executive Committee resolved as follows:

1. Extend registration deadline from 7th to 14th March 2025.
2. Waive off the late registration fee for the period 7th to 11th March 2025. All schools are encouraged to take advantage of this extension to avoid paying the late registration fee.
3. Charge a late registration fee of 3,000 Uganda Shillings per student registered from 12th to 14th March 2025.
4. Make provision for transfers that will be in process at the end of the transfer period to be completed.
5. Penalize Districts, Zones, Schools and Officials who allow teams to play without albums.
6. The extension doesn't affect the start/continuation of the district competitions.

Yours faithfully

Christopher Mugisha Banage

Chief Executive Officer (CEO)

Cc: Commissioner PES (Ministry of Education and Sports)
